

NOTE 15. PENSIONS

PRIMARY GOVERNMENT

State of Delaware Pension Plans

The State Board of Pension Trustees administers the following defined benefit plans of the Delaware Public Employees' Retirement System (DPERS):

- *State Employees' Pension Plan;
- *Special Pension Plan;
- *New State Police Pension Plan;
- *Judiciary Pension Plans (Closed and Revised);
- *County and Municipal Police/Firemen's Pension Plans
(FICA and Non-FICA);

- *County and Municipal Other Employees' Pension Plan;
- *Volunteer Firemen's Pension Plan;
- *Diamond State Port Corporation Pension Plan; and
- *Closed State Police Pension Plan.

With the exception of the Diamond State Port Corporation Pension Plan, the State of Delaware General Assembly is responsible for setting benefits and contributions and amending plan provisions. The Board of Directors for the Diamond State Port Corporation is responsible for setting benefits and contributions and amending plan provisions.

The individual plans comprising the DPERS are considered part of the State's financial reporting entity and are included in the accompanying financial statements as pension trust funds in the fiduciary funds. All of the investment assets of the Plans, with the exception of the Closed Police Pension Plan, are pooled and invested in the common DPERS Master Trust Fund (Master Trust). Each of the Plans has equity in the Master Trust based on funds contributed and earnings allocated. Individual investments in the Master Trust are not specifically identified to the various Plans.

Additionally, the following non-DPERS funds, described below, have been established under the custody of the State Board of Pension Trustees.

- *County and Municipal Police/Firemen's COLA Fund;
- *Post-Retirement Increase Fund; and
- *Delaware Local Government Retirement Investment Pool.

Non-DPERS Fund Descriptions and Contributions

County and Municipal Police and Firemen's COLA Fund

During 1990, the State of Delaware passed legislation, which established a mechanism for funding post-retirement increases granted by employers who participate in the County and Municipal Police and Firemen's Pension Plans. This mechanism allows the State to appropriate funds to a separate County and Municipal Police and Firemen's COLA Fund managed by the Board. The funds are generated by a 0.25% tax on the value of insurance premiums written within the State. The State and local governments transfer the proceeds of the tax on a per officer basis. The portion of the tax payable relating to the State Police is re-directed into the COLA Fund. When a participating employer grants a post-retirement increase, funds are transferred from the COLA Fund to the employer. The participating employer must provide funds to match the State's contribution.

Post-Retirement Increase Fund (PRI)

During 1993, the State of Delaware passed legislation which established a mechanism for funding ad hoc post-retirement increases granted by the General Assembly to employees retired under the State Employees' Plan, the New State Police Plan and the Judiciary Plans (Closed and Revised) beginning with Fiscal 1994. The mechanism allows the State to appropriate actuarially determined employer contributions to a separate Post-Retirement Increase Fund managed by the Board. When the Legislature grants an ad hoc post-retirement adjustment, funds are transferred from this Post-Retirement Increase Fund on a monthly basis based on a 5-year actuarial funding schedule to the appropriate pension plan from which the additional benefits are disbursed.

Investment Trust Fund

In June 1996, the State of Delaware passed legislation, which established the Delaware Local Government Retirement Investment Pool (DELRIP) in the custody of the Board of Pension Trustees to allow local governments the option to pool their pension assets with the Delaware Public Employees' Retirement System. The DELRIP is an external investment pool that allows local governments to maximize their rate of return and reduce administrative expenses related to the investment of funds. There were two participating entities in the DELRIP as of June 30, 2002, which comprises the pool in its entirety.

The DELRIP is subject to the oversight of the System's Investment Committee and not subject to the regulatory oversight of the SEC. The System has not provided or obtained any legal binding guarantees during the year to support the value of shares. The fair value of the portion in the pool is the same as the value of the Master Trust shares.

The DPERS issues a publicly available financial report that includes financial statements and required supplementary information for each of the individual plans and funds identified above. The financial report may be obtained by writing to the State Board of Pension Trustees and Office of Pensions, McArdle Building, Suite #1, 860 Silver Lake Boulevard, Dover, Delaware 19904-2402.

Post-Retirement Health Care Benefits

In addition to the pension benefits, the State provides post-retirement health care benefits, in accordance with State statutes, to all employees who retire from the State after meeting the eligibility requirements. The eligibility requirements are the same as those of the pension plans. Currently, 16,870 retirees meet those eligibility requirements. The State reimburses substantially all validated claims for medical and hospitalization costs incurred by pre-Medicare retirees and their dependents. The State also pays a fixed amount of \$273.00 per month for a Medicare supplement for each retiree eligible for Medicare. Expenditures for post-retirement health care benefits are recognized as retirees report claims. There are no significant claims that have been incurred but not recorded at June 30, 2002. During the year, General Government expenditures of \$55,766,003 were recognized in the General Fund for post-retirement health care.

Delaware Transportation Authority

Generally, employees of the Delaware Transportation Authority are covered under DPERS. The Delaware Transit Corporation (DTC), a subsidiary public corporation of the Delaware Transportation Authority, has three single-employer defined benefit plans consisting of the Salaried Office Pension Plan, the Contributory Pension Plan and the Delaware Transit Corporation (DTC) Pension Plan. Each plan provides retirement, disability and death benefits to plan members and beneficiaries. Each plan issues a publicly available financial report that includes financial statements and required supplementary information. Those reports may be obtained by writing or calling the Delaware Transit Corporation at 900 Public Safety Boulevard, Dover, DE 19901.

The trustees of each plan establish and may amend the contribution requirements of plan members and DTC. The most recent information available for DTC's annual pension cost and related information for each plan is as follows (note - the current year information is not available for each plan):
